

## HOYNG MONEGIER<sup>LLP</sup> PATENT PROSECUTION GROUP IS LOOKING FOR EUROPEAN OR NATIONAL PATENT ATTORNEYS IN THE CHEMISTRY AND ELECTROTECHNICAL AREAS.

HOYNG MONEGIER is looking for patent attorneys to join our international team in Amsterdam. Candidates must have working experience in patent matters and preferably are qualified or nearly qualified as a national and/or European patent attorney. We are looking for candidates with a background in chemistry and in electrotechnical science.

HOYNG MONEGIER is an IP firm mixing a strong litigation practice with a high-quality prosecution practice, with offices in the Netherlands, Belgium, France and Spain. Our litigators are ranked in the top tier for patent and other IP litigation, and our prosecution practice provides the full range of patent prosecution services and litigation support for a wide range of interesting clients.

We handle complex IP portfolios for multinational clients, but we equally handle portfolios of start-up and mid-sized companies. We provide patent drafting and prosecution both in Europe and for the US, as well as oppositions, appeals, opinions, licensing, counseling, and support to our litigation team.

Candidates are expected to be able to manage all aspects of EPO patent drafting and prosecution. Depending on experience, further development opportunities and challenges abound. Candidates should have a strong technical background, good language capabilities and good communication skills.

HOYNG MONEGIER offers a challenging and rewarding work environment as a top-ranked international IP law firm, and welcomes candidates from outside of the Netherlands.

Please send your CV to:

Hoyng Monegier LLP  
FAO: Mr. Wilbert Derks
